

COMLUX PRESS RELEASE

Las Vegas – 10 October 2011

FLY COMLUX OPERATES ITS FIRST 767BBJ UNDER ARUBAN AOC

Comlux is pleased to announce the arrival of a 767BBJ which will be operated by Fly Comlux. Following a refurbishment at Comlux America, the completion center of Comlux The Aviation Group, the aircraft entered into service in early September 2011.

For this special project Comlux decided to extend its operations worldwide by setting up a new company: Comlux Aruba recently awarded of the Aircraft Operating Certificate (AOC) of Aruba. This 4th AOC complements Comlux's existing Swiss, Maltese and Kazakh AOCs. The Department of Civil Aviation and The Registry of Aruba-IASO have demonstrated their commitment to efficiently serve the VIP aviation industry.

This aircraft, suitable for up to 60 passengers, offers a VVIP area with all luxurious equipments and an entourage transportation area featuring the comfort and high quality service. With this unique aircraft on the market, Fly Comlux plans to catch top of the range clientele with very different profiles: Governments, Head of State or Royal Families. Fly Comlux will offer the aircraft on charter market for medium to long term missions worldwide.

Andrea Zanetto, CEO of Fly Comlux, says *"We are very pleased to welcome our first Boeing Business Jet in the fleet. We are fully prepared to operate this unique aircraft proposing our clients a new type of business jet. This aircraft, based in Bahrain, will allow us to be close to key clients in Middle East and Africa. Moreover, our passengers will all benefit from the convenience of having a new AOC and an additional option to operate commercially their aircraft"*.

Comlux The Aviation Group is one of the leaders in VIP charter services operating worldwide with the highest standards of safety and quality.

Beyond charter operations, Comlux offers a comprehensive set of services to VIP customers who wish to have their own aircraft managed personally and professionally. This includes exclusive aircraft management, sales and acquisitions, cabin design and completion as well as maintenance and engineering services.
