# Fly Comlux

Safety

Flexibility

Exclusivity

✦ Fly Comlux operates and manages a large fleet of VIP aircraft, offering always the best solution to match the flying needs of its customers, whether private or commercial operations. We operate from 4 operational centers, each with its own AOC (Aircraft Operating Certificate): Malta (European EU-OPS), Switzerland, Kazakhstan and Aruba.

Fly Comlux can provide customized management solutions to aircraft owners worldwide. For aircraft users, we always have a VIP aircraft available on charter that perfectly suits your travel requirements.

Thanks to our in-house dispatch and crew teams, we operate with the highest standards of safety and rigorous on time scheduling. We are committed to provide the best quality of services on board, which has made the reputation of Comlux around the world.

✦ Our young aircraft fleet features the most modern technology with the latest standard of equipment for safety and security on board. Each of our cabin interiors are unique, always featuring a stylish and luxurious atmosphere.

## Space and comfort

The ultra spacious cabins of our Airbus ACJ Family and our Boeing 767BBJ allow to carry large groups in ultimate luxury. Comlux is the largest Airbus VIP operator worldwide.

## Range and speed

Bombardier Global aircraft fly further and faster than other jets, allowing our passengers to reach their destination non-stop and quicker, but always in excellent comfort.

## Value for money

With our Bombardier challenger, Dassault Falcon and Embraer Legacy fleets, we make the flight more productive and efficient for our VIP passengers.

# VIP Charter by Fly Comlux

Through our charter sales offices located in Zurich-Switzerland, Almaty-Kazakhstan, Moscow-Russia and Bahrain, our teams will arrange your choice of aircraft, from any departure to any destination, at any time you choose.

Our teams are available 24/7 to provide on-demand cost effective quotations and will make all the necessary arrangements for your flight.

Reactivity

At Comlux, we want to make your journey an unforgettable experience.

Thanks to their strong international VIP flying experience enriched by regular training courses, our cabin attendants will provide you with a seamless personal service.

Choice

Whatever you might need on your journey, our dedicated Catering Manager will ensure that your in-flight dining meets all your requirements.

# Aircraft Management by Fly Comlux

Care

Dedication

Value

✦ Your aircraft purchase should simplify your business and your life. Comlux can provide you with a customized aircraft management solution which incorporates all the essential services such as aircraft crewing, maintenance, flight dispatch and finance.

The Comlux aircraft management service also provides you with a named Aircraft Manager who is responsible for the co-ordination of your flights allowing you to simply sit back and relax, knowing that your asset is being managed by industry experts.

# Design by Comlux Creatives

Designing as well as completing an aircraft requires a clear vision and understanding of the project when technical, artistic and managing skills are involved. Comlux Creatives has integrated all those competences within a team of aviation experts.

Beyond the creation of your most desired interior, Comlux Creatives is not just another designer and is able to propose complete assistance from day one, ensuring unmatched product quality of your own project.

## Creativity

Each customer is as unique as our designs; from modern contemporary to classic. With more than 6 years experience we have created all sizes of interiors- from mid size cabins and narrow bodies to wide body aircrafts

## Passion

Our work is our passion. With an international team of designers and architects we realize your dreams.

## Expertise

Working together with our international team of aviation experts, from our flying crew to our aircraft engineers, we guarantee not only a design you like but also an interior which works in service to make you feel as comfortable as possible.

# Comlux America

Quality

Excellence

Innovation

Comlux America, based at Indianapolis International Airport, is one of the leading completion centers worldwide, offering customized solutions to create an interior reflecting your lifestyle.

Comlux America is officially approved outfitting center for both Airbus and Boeing VIP aircraft.

AIRBUS  
CORPORATE JETS

BOEING BUSINESS JETS

In addition to cabin completion, Comlux America performs the full range of maintenance activities to ensure your aircraft is fully safe and reliable.

Comlux America is not just a Completion Center: Comlux America is one of the few completion centers integrating all cabin interior capabilities in-house.

Each client is unique, that is why Comlux America considers each aircraft interior completion as a new challenge. There is one thing that remains unchanged from project to project: Comlux America is always committed to providing you the highest quality with minimum downtime.

In addition to VIP cabin outfitting, Comlux America can refurbish and upgrade your VIP aircraft interior.

# Comlux Aviation Services

Recognition

Experience

Reliability

Created 30 years ago and located at Indianapolis International Airport, Comlux Aviation Services has extensive capabilities to perform maintenance, refurbishment and upgrades on several types of business jet aircraft.

- Member of Bombardier Authorized Service Facility Network
- Bombardier Approved Outfitting Center
- FAA Approved Gulfstream Repair Station

Our teams are committed to providing comprehensive maintenance support around the clock to ensure the safe and reliable operation of your aircraft with minimal downtime.

Comlux Aviation Services is your long-term partner to protect your aircraft's value.

# Comlux Engineering and Services

Whatever your aircraft type, Comlux has set up its own aircraft engineering and cabin management services.

From green aircraft definition assistance, through cabin interior follow up during the outfitting phase, and all the way to completed aircraft delivery, our professional team ensures technical and commercial services on your behalf.

In the case of aircraft purchase, Comlux Engineering and Services can ensure pre-purchase inspections visits and provide you with highly qualified technical advices.

Advice

Efficiency

# Comlux Transactions

Expertise

✦ Selling or buying aircraft requires technical, commercial, contractual and legal skills. Comlux Transactions has integrated all such skills within a team of professionals accounting numerous years of experience in business aviation.

If you wish to acquire a new aircraft or sell your current one, Comlux Transactions can help you to find the best solution adapted to your needs and requirements.

Confidentiality

Efficiency

✦ On top of contractual matters, Comlux Transactions has developed expertise in legal support and aircraft financing.

In coordination with Comlux Engineering and Services, Comlux Transactions can support your project from aircraft acquisition to entry into service (including technical acceptance, registration, financing and tax matters, etc.)

Comlux Transactions can coordinate the entire aircraft project with your advisors, financiers and local counsels.
