

### COMLUX A320 MODEL OF THE FUTURE

Visitors to the Comlux exhibit (Booth No. 1569) got a glimpse of the future in the form of an executive/VIP Airbus A320 cutaway model created by Comlux Creatives head Isabelle Bevilacqua with the concept design "Business Meets Pleasure." The design suits the Middle East market, said Comlux Group president and CEO Richard Gaona, making use of the colors of the desert in a jet offering plenty of cabin, cargo space and nonstop range to Europe. Comlux plans to open an office in the Middle East, "in order to facilitate the arrival of the aircraft by the end of 2010." Present at the model unveiling were (l to r) Airbus executive and private aviation sales director Laurent Goutal, Isabelle Bevilacqua and Richard Gaona. ■
